

Now Hiring — Designer

If you design to be a part of a team based Architecture and Interior Design studio focused on cultivating a sustainable built environment designed for all ages and abilities Shelter may be the right fit for you.

Shelter conceives and executes highly inventive design solutions for people and organizations who have a deep appreciation of great design. We love to work with wildly independent folks, in trusting and supportive collaboration, who possess bold vision and strong opinions.

We are currently in search of a self motivated, organized and highly creative designer with about 4 years of experience on the path to architect licensure.

This team member is responsible for all technical design aspects of an assigned project including investigation, evaluation, and recommendation of design solutions. Performs assignments under direction with limited responsibility for design. Provides professional architectural consultation in the planning, design, and coordination of small to complex projects. Independently makes decisions on significant architectural design problems and methods. Contributes to conceptual designs. Carries out complex or novel assignments requiring the development of new or improved techniques and procedures. Acquiring a thorough knowledge of architecture practice with emphasis on design, building materials, construction methods, integration of engineering disciplines, and building costs/codes.

If this sound like you we would love to connect. Please fill out this application and send it along with a cover letter, current resume and portfolio all in PDF format to career@shelterarchitecture.com
